Parrots are popular pets. This is because they are very bright and look beautiful. Parrots are also very clever. Some parrots are as clever as a four-year-old child. Parrots come in different sizes and colours. Wild parrots cannot copy human speech, but pet parrots can talk. If you have a pet parrot, it must live in a cage and you must let it fly every day. It is not a good idea to get only one bird. Parrots may get ill if they feel lonely because they are social birds. A pet parrot will certainly give you a lot of positive emotions.
